CV	Download (pdf 289 kB)

Philip Swanson has over 25 years' experience conducting economic and policy analysis in the energy and environment sectors. Expertise includes programme management, monitoring and evaluation; policy analysis; economic, environmental and social impacts; expenditure analysis; and transparency of natural resource-related revenues. Philip served as desk officer for Sub-Saharan Africa and ex-Soviet countries at the International Energy Agency (IEA), managed several energy programmes for the United Nations Environment Programme, and was a Partner in Oslo-based ECON Analyse. His work has been published by the OECD and World Bank, among others.
